

HOIST OF MORTGAGES, PROHIBITIONS OR OTHER CHARGES

It is the process by which the guarantee consisted of the creditor on an aircraft, a performance that is practiced in the registration of liens and prohibitions is recorded.

The raising process of a mortgage, prohibition or other charges in the National Aircraft Registry, can be carried out by the user who is empowered to carry out such management (creditor, debtor or a third, as appropriate), either in a face-to-face manner or via remote via email to registro.aeronaves@dgac.gob.cl. The requesting must present the following background:

- Application to the National Aircraft Registry.
- Public writing or private instrument authorized before a public and duly protocolized notary, through which the mortgage, prohibition or other taxes constituted on an inscribed aircraft stand.
- Payment of registration fees, according to the amounts indicated in Article 39 of the Aeronautical Rate and Rights Regulation.
