

DOMAIN AND CHARGING CERTIFICATES

It is the process by which the owner, the operator or a third party, can request the issuance of a current domain and tax certificate, with respect to a certain aircraft inscribed in Chile.

The procedure indicated in the preceding paragraph may be required by any user, through e-mail registro.aeronaves@dgac.gob.cl., Having only singularize the aircraft with its license plate letters.

The value to be paid by this certificate will be that one indicated in Article 42 of the Aeronautical Rate and Rights Regulation.

The deadline for issuing the domain and charging certificate by the National Aircraft Registry will be two business days.
